SUMMER CAMP

Four weeks of camping fun and musical activities were combined for 79 happy boys this past summer at the new location of the Columbus Boychoir Summer Camp on the school campus in Princeton. Outdoor living in large Army squad-size tents, swimming, canoeing, riflery, archery, tennis, overnight camping trips were successfully combined with choral rehearsals, piano and vocal lessons, and classes in theory and composition. All of these activities provided a busy four week camping season. The closing musical program of the camp was attended by 350 enthusiastic parents, relatives and friends.

Registration notices for the 1963 season (June 30 - July 27) will be in the mail about the first of the new year. (Note: registration for camp closed in early May of last year.)

PARENTS' DAY

Parents' Day was observed on Saturday, October 13th. Registration was held at 9:30 and an informal coffee hour was enjoyed. At 10:00 the parents met in the Loggia and heard Mr. Rhine explain the curriculum changes in reading and mathematics. At noon a buffet luncheon was served in the Loggia. Parent-teacher conferences were held in the early afternoon. Gold-Blue contest were held by the boys in the afternoon. The Lower School Blues topped the Lower School Gold in touch football. Upper School Blues downed Upper School Golds in field hockey. It was a clean sweep for the Blue on Parents' Day!

Both choirs combined to present a forty minute musical program much to the delight of parents and friends present. Mr. Bryant conducted and Mr. Haley accompanied. The Women's Auxiliary and the Fathers' Association held meetings after the musical program. The weather man cooperated fully for the day and gave us beautiful fall weather.

COLUMBUS BOYCHOIR CHORAL CLINIC

The first session of the Columbus Boychoir Choral Clinic was held during the last week of July. Eleven choral directors and music teachers, from Minnesota to Florida, attended the six day session. Mr. Donald Bryant, musical director of the Columbus Boychoir, assisted by Mr. Robert Haley, assistant musical director of the Columbus Boychoir, led the group through participation and discussion in choral methods, vocal and piano instructions, and teaching theory to children.

The second clinic session is being planned for July 23 to 28, 1963. Information may be obtained by addressing: Choral Clinic, The Columbus Boychoir School, Box 350, Princeton, New Jersey.
