THE SCHOOLHOUSE ON WHEELS pulled away from School with a "toot" of the horns, cheers, tears, and many well wishes Thursday morning at 6:30. On board were eight adults and twenty-six boys. They include:

1st Soprano

Lester Erich  
Douglas Kelner  
Bruce Kerekes  
Larry Baldwin  
Tommy Friedman  
Paul Sutterlin  
James Walker  
Nathaniel Wordell

1st Alto

John Kelsall  
Stephen Bryant  
Richard Funk  
David Hollander  
Curt Jeschke  
David Huggins

2nd Soprano

Robert Reitz  
Stephen Grunder  
William Price  
Randy Reeves  
Allan Tucker  
Mark Crosby  
James DeLoach  
Michael O'Flaherty

2nd Alto

Douglas Arnold  
Barry Yaches  
David Carter  
Arthur Ster

The adults are: Mr. Donald T. Bryant, Mr. & Mrs. Donald C. Wolfe, Mr. Harold Jones, Mr. Ralph Wade, Mr. Allan Olson, Mrs. David Foster, and Miss Elaine Johnson.

WEEKEND RECREATION - Many of the boys who were here on Saturday evening went to the beautiful new recreation center on Route #1 near Princeton. Everyone was very pleased. It is a brand new place which includes an ice skating rink, a bowling alley, movie theatre, and a snack bar. Many boys purchased student cards which will enable them to get into the rink at 50¢ (admission is normally one dollar). This new entertainment center promises to provide many happy weekends for boys at school. - Rick Funk

MRS. WOLFE has been immobilized in her room on the third floor since the first of the week with a bad foot. So instead of having class downstairs the boys in her classes went to the third floor. We are all happy that she is going on tour this year inspite of her ankle. We all hope it gets better. - Mark Crosby

SCHOOL LIBRARY keeps us informed on current affairs. The library has a subscription to Life, Times, Sports Illustrated, Boy's Life, The Saturday Evening Post, Popular Science, and The National Geographic. We all enjoy these magazines - Doug Arnold

FAREWELL - Last Tuesday the boys attending the youth fellowship of the 2nd Presbyterian Church received a card from the youth fellowship group wishing them farewell on their trip. We give them "Thanks" for taking the trouble to remember us! - David Carter

SCIENCE - Monday in Science Class Mr. Wolfe brought in some rocks from various places in the United States. He told us how each rock was formed. We found out that one of the rocks was formed under water pressure. There was a petrified rock that was formed from wood. One rock was found in the Grand Canyon and looked like the color of the Grand Canyon. We had a good time - Paul Sutterlin

MR. WILLIAM DOWD, of Trenton, N.J., will teach in the Upper School during the absence of Mr. & Mrs. Wolfe on tour. Mr. Dowd is a recent graduate of Trenton State College and has been teaching science Hamilton High School in Trenton.
